Generative AI: AI Image & Video Generation, Prompt Development, Creative Ideation, ChatGPT, Google Gemini, Claude

PROJECTS

SaaS Motion Graphics Animation | Adobe After Effects

- Created a minimalist SaaS-style promotional animation in Adobe After Effects.
- Animated typography, UI elements, shapes, transitions, and visual sequences.
- Applied keyframe animation, easing, timing, and visual hierarchy to create smooth, cohesive motion.

Short-Form Video Edits | Adobe After Effects

- Created short-form music edits for vertical social media content.
- Applied beat synchronization, speed manipulation, transitions, motion blur, color correction and grading, and visual effects.
- Focused on pacing, visual rhythm, typography, and dynamic visual storytelling.

EXPERIENCE

QA Intern | Softhunters Technology Pvt. Ltd. | Jan 2026 - Jun 2026

- Tested web applications and admin dashboards, reporting and validating functional, UI, and usability issues.
- Collaborated with developers on defect resolution and regression testing.

EDUCATION

B.Tech – Computer Science Engineering (Blockchain)
JECRC University, Jaipur | 2022–2026 | CGPA: 7.6
